According to §4 the board of directors are appointed by the municipal council.

1/3 of the board of directors are appointed by the local authorities without recommendations. Another 1/3 of the board of directors are appointed upon nomination of the tenants according to a decision made during an ordinary residents' meeting, and the remaining 1/3 are appointed on recommendations from the managements of educational institutions, which are proposed to have students living at the dormitories.

It is the municipal council, which has the final, administrative decision of who will be member and substitute member of the board of directors. The board members recommended by the tenants must also be elected for the residents' board at the dormitories.

For the time being the dormitories have the following board of directors:
